Work Experience

Fresher

Present

"Embracing the journey of Computer Science with passion and curiosity, I'm ready to tackle challenges, innovate solutions, and shape the digital world of tomorrow!" Student(fresher)

Languages

English (*fluent*), **Hindi** (*fluent*), **Japanese** (*beginner*), **Maithili(MotherTongue)** (*fluent*)

Core Skills

C, C++, Python , HTML, CSS, JAVA SCRIPT, FIGMA, MYSQL, Bootstrap , PHP , ,API,jquery,DOM manipulation.

Volunteer Experience

Aide

SRMAP-INFINITUS

Volunteering at Infinitus, our university's largest festival, I handled event planning, logistics, and coordination. Managing schedules, venues, and communication between teams, I gained valuable skills in teamwork and problem-solving while contributing to the campus's vibrant atmosphere.

technical support

SRM-AP-Research Day

During my university's Research Day, I volunteered for the Computer Science showcase, assisting with setup, coordinating participants, and managing technical equipment. I explained research projects in AI, data science, and cybersecurity, enhancing my communication and organizational skills.
